## OUR MISSION

The Asian Pacific American Dispute Resolution Center (APADRC) provides mediation and conflict resolution services to the diverse communities in the Los Angeles area, with a focus on the Asian Pacific Islander Population. We strive to improve human relations and race relations by addressing complex, cross cultural community conflicts and their root causes with community partners through education, training, and development of new models and techniques. We look toward the future by training youth in the techniques of mediation and conflict resolution.

## OUR IMPACT

Since 1989, the Asian Pacific American Dispute Resolution Center has been a mainstay of the conflict management and peacebuilding efforts in Los Angeles County. We have bridged divides between communities after the Los Angeles Uprising; we have helped landlords and tenants resolve their conflicts while saving them time and money; we have taught students to be ambassadors of peace. And with your support, we aim to continue to be a trusted resource for peacemaking and conflict resolution, and we look forward to serving our community for generations to come.
